

MERRY-HILL GOLF CLUB WOMEN'S LEAGUE DONATION HISTORY

The funds collected through the operation of the Women's League at Merry-Hill are distributed in the community to support breast cancer research, treatment and rehabilitation. Since 2012 we have facilitated the donation of over \$55,000 to these incredible causes with the belief that your support will make a lasting impact on the local community. As a family-owned and operated business, we are proud to have the opportunity to help give back and want to thank each and every league member for their support over the years.

2021 donations

- \$4,000 was donated to Lisaard/Innisfree houses in Waterloo Region, providing exemplary end-of-life hospice care for patients during the final chapter of their lives. The compassionate care that volunteers and staff at these facilities provide to families and patients helps to make the passing of their loved ones just a little bit easier. This is an often overlooked aspect of the care path that is just as important as the treatments received during their journey.
- \$2,000 was donated to HopeSpring Cancer Support Center. This community-based, non-profit organization provides a wide range of programs and services for patients diagnosed with cancer. They provide counselling, wig fittings, exercise, and therapy to help people cope with the effects of cancer both physically and mentally.

2020 donations included funds from 2017, 2018 and 2019

- \$1,000 was donated to Golf Fore The Cure, a partnership between Merry-Hill and the Canadian Cancer Society that collected funds through events provided to the league.
- \$4,000 was donated to the Grand River Cancer Center. The flagship of cancer treatment in Ontario and a cornerstone of cancer treatment in our community. The Grand River Cancer Center's doctors, nurses, staff and volunteers work tirelessly to provide the best outcomes and support for patients battling all forms of cancer.
- \$7,000 was donated to HopeSpring. This community-based, non-profit organization provides a wide range of programs and services for patients diagnosed with cancer. They provide counselling, wig fittings, exercise and therapy to help people cope with the effects of cancer both physically and mentally.
- \$10,000 was donated to the WellFit program at the University of Waterloo. With the support of UW Kinesiology students, recovering cancer treatment patients are provided with exercise programs that will help them rebuild their bodies after chemotherapy.

**MERRY-HILL GOLF CLUB
WOMEN'S LEAGUE DONATION HISTORY**
